

AN OPEN LETTER

From Dr. J. L. Kelley to Prof. J. A. Ormond.

Prof. J. A. Ormond,
Principal of the Negro School,
Tallahassee, Fla.

Sir: Your article under date of July 1st, which appears in today's paper, is a surprise to me; not on account of the sentiment and motive therein contained, (for I would expect just such an effusion from your fertile brain) but for the fact that you have doffed your pretentious mask, come out of your hiding, and signed your true name to your masterly production. Your boldness rather arouses a little admiration. I am much pleased to see that I described you so perfectly that you were forced to recognize yourself. I am also a little elated over the correctness of my diagnosis. Mr. Ormond, the instruction that I gave and asked the gentleman to deliver to you, was written on April 9th, and the application I received from you was dated April 24th. After that you accepted the appointment, and later declined, giving as your reason that you did not know that the term would be five months, which you said would prevent you from teaching an eight months' term elsewhere, etc.

Now as to Prof. Bonner. He was asked for by Mr. Doke, but he is not teaching at Santa Fe. I did write a letter for him "to whom it might concern," and now I am writing one for you. I might have mailed this to you, but, in a recent letter from you, you informed me that you would not consider a reply from me. I guess the apparent rudeness is due to the fact that your hands and heart are full looking after your agreeable charge. In this personal letter you use the following language: "The co-operation of the cheap editorial crew of the dirty sheet known as The Gainesville Sun." In today's paper you say: "Please grant me a short space in the columns of your valuable paper." The high place you are occupying seems to have made you double-sided and big-headed. I am further confirmed in this opinion by your expressed contempt for "saw mill graduates" and "defunct pill-rollers." I guess you have the same feeling towards other honorable callings. You and I have different ideals, or, as you say, "we understand each other." I have owned and worked in a saw mill for an honest living, hence my sobriquet. You, a 2x4 professor, in charge of a negro school, and when your term is out you will glory in being an emeritus professor, which I am inclined to think will cause you to become "defunct." In spite of your animus, I am sorry to see that you have become so much imbued with the spirit of commercialism that you would forget yourself enough to accept the charge of a negro school and then in the press boast about it. You say "It is a significant fact that my opportunities are not limited by boundaries of any particular county, and it is a fact of which I am a trifle proud, that in the face of my being 'turned down' by Dr. Kelley and his board, I was the first teacher in the State to receive recognition at the hands of the State Board of Education and Board of Control, a body almost as eminent as the Alachua County Board of Public Instruction." You should profit by the following lines from Burns:

© would some power the gift give us,

To see ourselves as others see us;

It would from many a blunder free us,

And foolish notion.

The brave, generous, proud and chivalrous man and womanhood of our Southland will never tolerate social equality in any form. Not even the iron heel of the carpet-bagger, supported by the Federal bayonet, could force it on us in the reconstruction period. No power on, or beneath the earth, can force us to accept it. We will not have it. The races must be separate in churches, schools, hotels and railroad coaches. Professor, you should have allowed Young Days or some other negro to have had the principalship of that negro school over which you preside. They are equally as competent as yourself. Self-respect should have caused you to have declined. No negro shall teach a white school in Alachua county, and to this you doubtless say "Amen."

Then why should you forget our sacred institutions and customs and worship at the shrine of commercialism? As a "defunct pill-roller" I feel con-

strained to advise you to use freely Saponis and Labarraque's Disinfecting Fluid on your person and raiment, and for your mental improvement read freely our glorious Southern History, and Thomas Dixon's Clansman. These will teach you of our proud heritage, made so by the blood and sufferings of our ancestors. Dixon will tell you of the hidden Empire that conquered the despotism that attempted to force upon us social equality.

CHOLERA INFANTUM.

Child Not Expected to Live from One Hour to Another, But Cured by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Ruth, the little daughter of E. N. Dewey of Agnewville, Va., was seriously ill of cholera infantum last summer. "We gave her up and did not expect her to live from one hour to another," he says. "I happened to think of Chamberlain's Colic, Cholera and Diarrhoea Remedy and got a bottle of it from the store. In five hours I saw a change for the better. We kept on giving it and before she had taken the half of one small bottle she was well." This remedy is for sale by all druggists.

NELSON WAS IN TROUBLE.

Was Cut and Shot, His Horse Injured, and He Was Left for Dead.

A. D. Nelson, a colored man of Campville, got mixed up with some trouble on the Fourth of July which resulted seriously for him, as he is "cut up a site to see," as the Georgia Cracker expressed it in writing to a railroad company regarding a cow one of their locomotives had put out of business.

Nelson states that two colored men by the name of Starke fell out with him about a cow on the 4th inst., and both jumped on him and cut him severely, afterward shooting him and leaving him in the road for dead. He was riding a horse, and the animal was also injured.

The men were arrested, and were placed under a bond for their appearance before Justice James Dyess next Wednesday.

Nelson has employed Judge J. A. Carlisle to defend him.

Cheerfully Recommended for Rheumatism.

O. G. Higbee, Danville, Ill., writes, Dec. 2, 1901: "About two years ago I was laid up for four months with rheumatism. I tried Ballard's Snow Liniment; one bottle cured me. I can cheerfully recommend it to all suffering from like affliction." 25c, 50c and \$1. Sold by W. M. Johnson.

Low Round-Trip Rates to California.

If you are ever going to California this summer is the time to go. The rates are unusually low. Only \$62.50 Chicago to San Francisco, Los Angeles, Sacramento, or Santa Barbara and return, May 1, 2, 3, 9, 10, 11, 12, 13, 29, 30, 31 and June 1; also August 6, 7, 8, 9, 10, 11, 12, 13 and 14. Start Grading New Road.

Bremen, Ga., July 12.—The Bremen and Southwestern Construction company will begin grading on the Bremen and Southwestern railroad from this place to Borden, a distance of 15 miles, tomorrow morning. They expect to have the road completed by the time the season's cotton is ready for market.

A Surprise Party.

A pleasant surprise party may be given to your stomach and liver, by taking a medicine which will relieve their pain and discomfort, viz: Dr. King's New Life Pills. They are a most wonderful remedy, affording sure relief and cure for headache, dizziness and constipation. 25c at all druggists.

Weak Human Nature.

From many selections from Marcus Aurelius we choose this as showing his keen insight into this weak human nature of ours: "I have often wondered how it is that every man loves himself more than all the rest of men, but yet sets less value on his own opinion of himself than on the opinion of others."

A Luxury.

"But," objected the helress, "I have been accustomed to every luxury." "That's all the more reason why you should marry me," replied the impecunious suitor. "I'm a luxury myself."—Philadelphia Record.

Shot Full of Holes.

"I am 65 years old, and have been a great sufferer from headache all my life. One of Dr. Miles' circulars was left at my door, and what it contained about headache interested me, so that I determined to invest a dollar in their make of shot, and go gunning for that headache. The first charge brought it down, but I continued to shoot until the thing was shot so full of holes that I believe it will never come to life again. I consider it the work of a 'good Samaritan,' to spread the knowledge of what Dr. Miles' Anti-Pain Pills will do." I. F. MOORE, 1352 Fairfax Ave., Bridgeport, Conn.
